

Prestige Series

Featuring **Zincalume®** For Twice the Life!

Zincalume combines the strength of steel with the corrosion resistance of aluminum for twice the life of most zinc coatings.

Prestige Series is a crisp, distinctive solution for vertical exterior and interior walls, fascias and equipment screen applications. Prestige can also be used as a soffit ceiling panel. The panel's concealed fastener system reveals a clean distinctive design in any application.

- ❑ Four distinctive concealed-fastener profiles allows you to choose a look that best meets the aesthetic needs of your project - flat, one rib, two ribs, or small wave pattern. Available in smooth or stucco embossed finish.
 - ❑ Has been tested for air infiltration per ASTM E1680, and water infiltration per ASTM E1646.
 - ❑ An optional hot melt foam sealant offered to provide superior air and water infiltration resistance.
 - ❑ Available perforated to meet the special needs of interior acoustically-sensitive applications or where ventilation is required.
 - ❑ Compatible trim and accessories are readily available.
 - ❑ Available in a wide variety of standard colors in a high performance DuraTech™5000 (polyvinylidene fluoride) coating system, ZACTique®II treatment or Zincalume® Plus*.
- 18, 20 and 22 gauge panels require longer lead times.

Prestige Series Section Properties					
Gauge	Wt. (lbs./ft. ²)	S+ (in. ³ /ft.)	I+ (in. ⁴ /ft.)	S- (in. ³ /ft.)	I- (in. ⁴ /ft.)
24	1.47	.0711	.0754	.1363	.1542
22	1.84	.0999	.1032	.1700	.1928
20	2.21	.1329	.1335	.2034	.2314
18*	2.94	.2106	.1999	.2698	.3085

*18 gauge supplied as G-90 galvanized.
