

# U-Panel

Featuring

**Zincalume®** For Twice the Life!

Zincalume combines the strength of steel with the corrosion resistance of aluminum for twice the life of most zinc coatings.

**U**-Panel is a "Utility" panel known for its economical through-fastened design preferred for light commercial and industrial roof or wall applications. U-Panel is especially suitable as an interior partition or liner panel for mini-storages.

U-Panel Section Properties					
Gauge	Wt. (lbs/ft <sup>2</sup> )	S+ (in <sup>3</sup> /ft)	I+ (in <sup>4</sup> /ft)	S- (in <sup>3</sup> /ft)	I- (in <sup>4</sup> /ft)
29	0.68	0.0294	0.0170	0.0260	0.0117
26	0.89	0.0436	0.0243	0.0382	0.0163
24	1.13	0.0592	0.0323	0.0538	0.0220

- ☐ Structural spanning allows panel to be installed over solid substrates or spaced support members.
- ☐ Full-bearing sidelap rib provides consistent weather-resistant joint.
- ☐ Manufactured with high tensile steel for greater load capability.
- ☐ Matching trim packages are available in the same gauge and color as the roof panel.
- ☐ Can be installed on pitches as low as 3:12.
- ☐ 24 gauge can be crimp curved to accommodate radiused applications.
- ☐ Matching trim packages are readily available.

- ☐ 26 gauge U-Panel available in a wide variety of standard colors with the DuraTech™<sup>nt</sup> coating system.
- ☐ 24 gauge U-Panel is offered in Zincalume® Plus for unpainted applications as well as "cool" Surf White in the DuraTech™<sup>nt</sup> coating system.
- ☐ 29 gauge U-Panel is offered in the corrosion resistant Zincalume® Plus for unpainted applications.
